1. The appended table lists the actual gross profits in thousands of DME made from 1 January through 30 September 1954 by all enterprises under the Main Administration for Liquid Fuels in Production Area Chemistry of the East German Ministry for Heavy Industry . 25X1

2. Essentially, gross profits are the difference between sales and costs of production. The gross profits include the two Director Funds (4% of the total amount paid for wages and salaries), the corporation tax (65% of the gross profits), and the net profit. Corporation tax and net profit (and a small part of the Director Funds) are transmitted to the government. The bulk of the Director Funds is the only part of gross profits that remains in the enterprise.
